

MY MONEY PERSONALITY

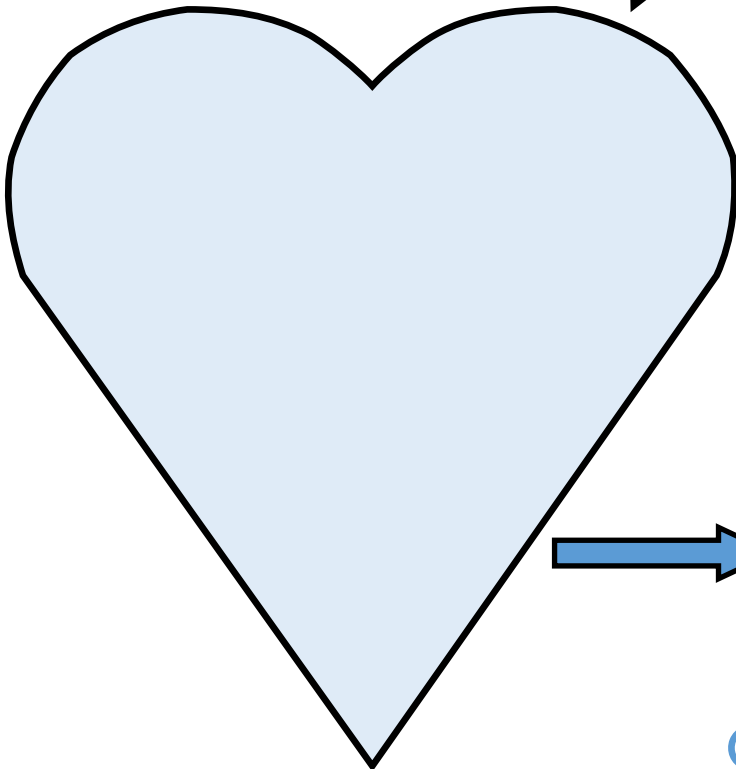

What did you learn about money growing up? What did your grownups teach you, verbally or by example?

What have you learned from society about money? How have the media, peer pressure, work, etc. impacted your attitudes toward spending & earning?

How do you feel about money now? What emotions come up when you spend, save, or work with money? What values motivate your financial habits & commitments?

What do you consciously believe about money? How do you push back against or accept the thoughts & feelings you've learned from your upbringing and society at large?
